APE CRUSADER

East Kutai, East Borneo, 2 weeks ago

This was the situation and condition at PT Sabhantara Rawi Sentosa/ Makin Group area in West Kutai – East Borneo.

Forest burning for land clearing

Forest burning for land clearing

Spot fire in Borneo : 1,312

Spot fire in Sumatera : 575

Companies that carried out the forest fire : 413

Land area burned : 1.7 million hectares

Smoke Danger Index for Humans : 350 mg/m³

(According to UN Standard, if the smoke reaches up to 500 mg/m³, the citizens must be evacuated)

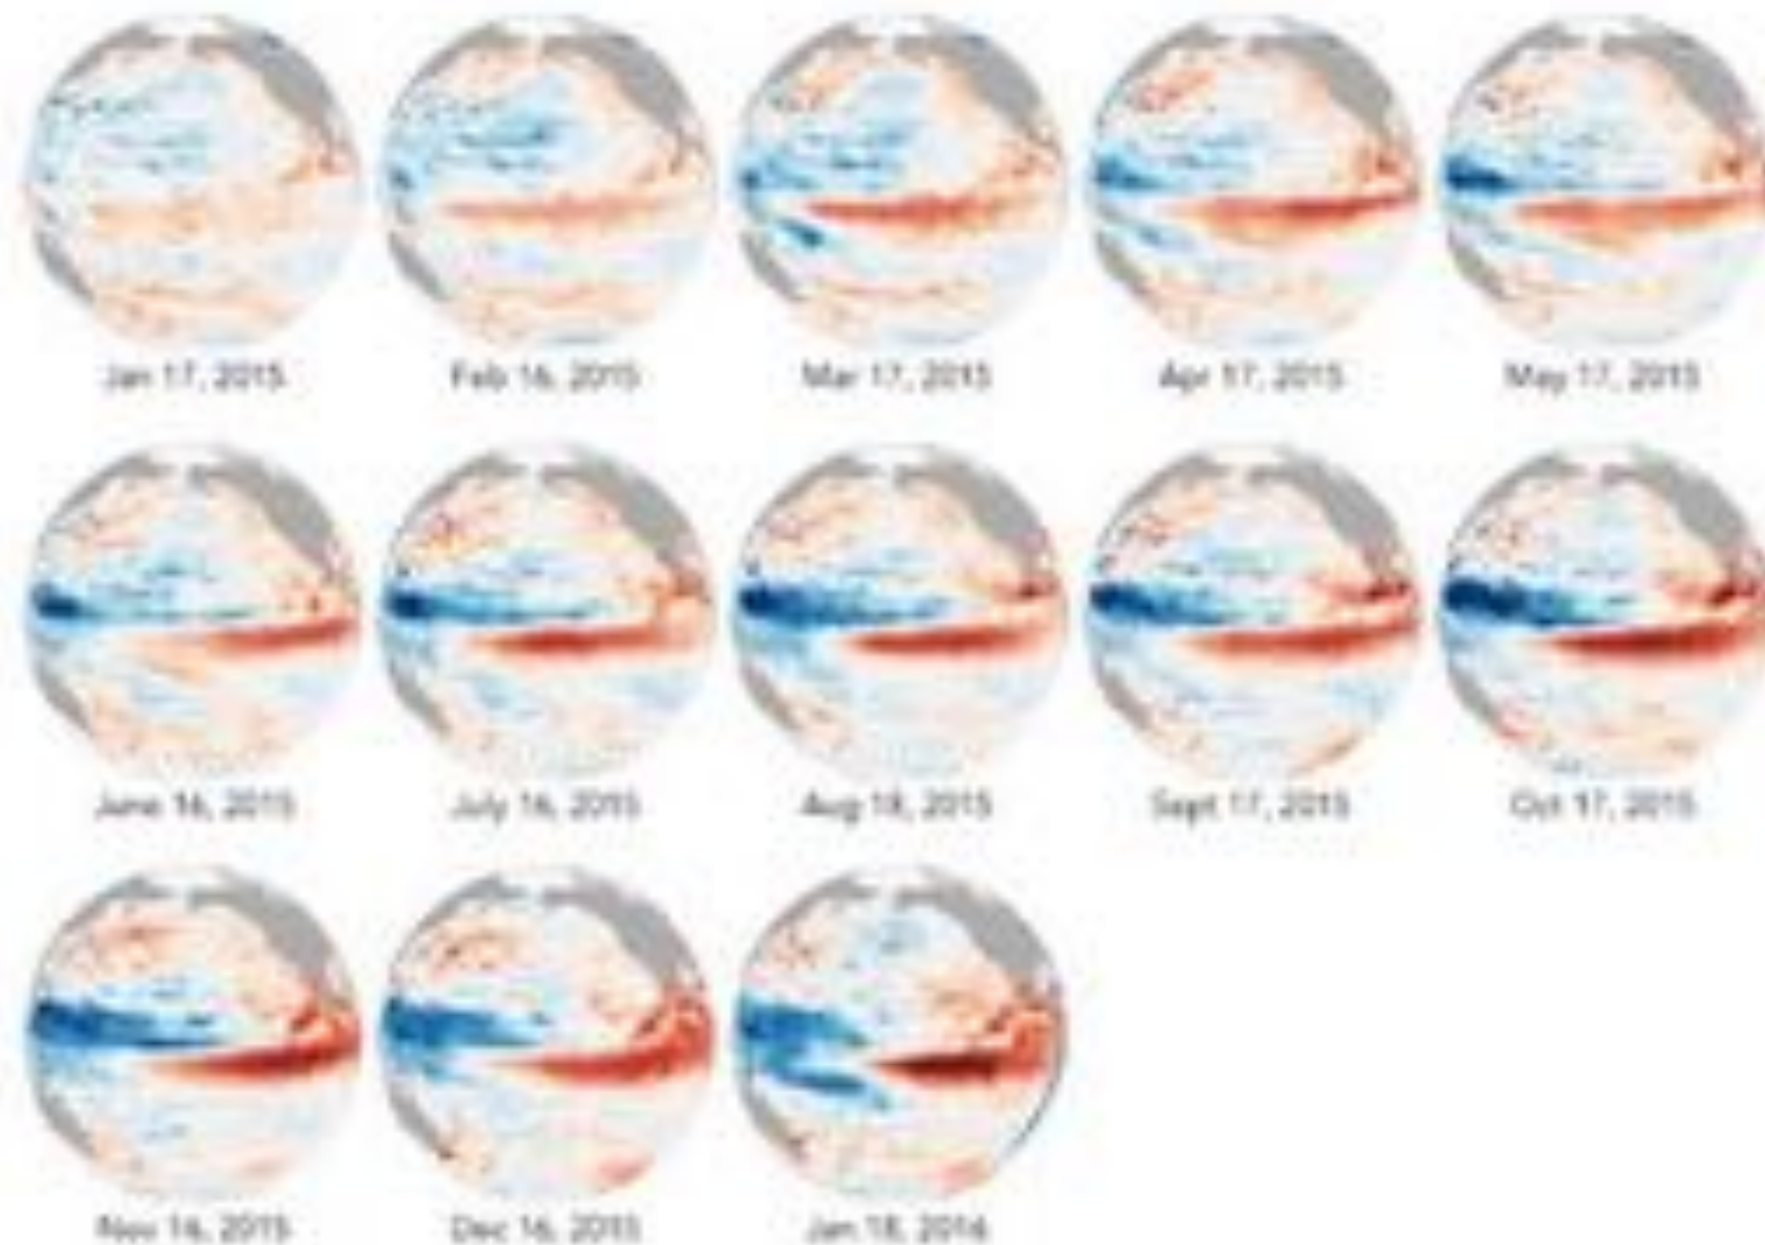

Smoke Index in Palangka Raya (October 16): 1,898 mg/m³

Source: Ministry of Environment and Forestry

Orangutans were fragmented in the remaining forests that were not burned.

12-month readings from NASA's Jason-2 satellite.

El Nino in 2016 will continue to occur.

Let me Introduce: SYDNEY
PT. SRS – East Kutai

and her mother.

in the other palm oil plantation company.

Confiscated 221 orangutans, from Maret 2003-Juni 2006, excluding killed.

(BOSF Nyaru Menteng, Kalteng)

Demonstration in RSPO Meeting.

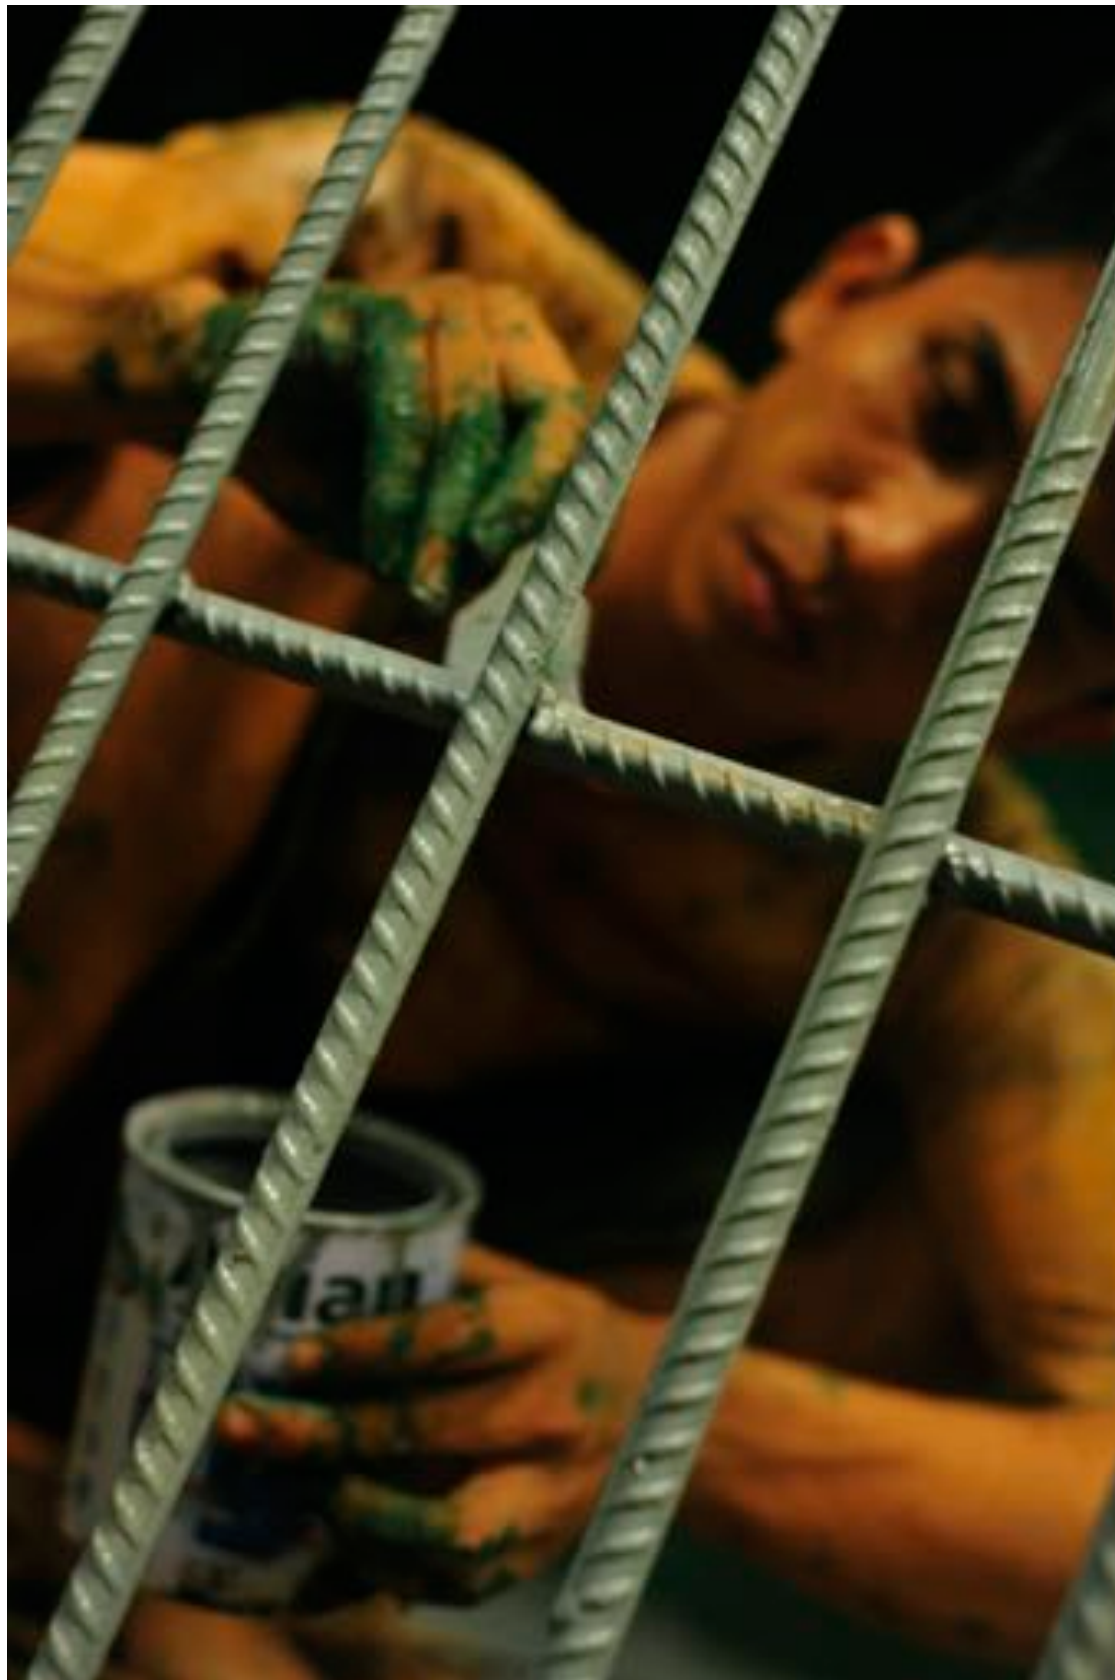

Forest clearance caused orangutans to be illegally raised by the society.

Evacuation and confiscation continue to be carried out = Orangutan Survival Center full.

Orangutan Rehabilitation Center COP Borneo, Berau, East Borneo.

The development was independently carried out.

Periodic checks

Forest School in which orangutans learn to be wild.

Giving Orangutans a second chance (rehabilitated/to be wild again)

Wooded island for pre-release

Orangutans outside Borneo?

Orangutans outside Indonesia were made to be circus object.

Help Orangutans:

1. Do not support banks and companies which have relationship with palm oil companies.
2. Smartly choose products that do not contain palm oil.
3. Do not have Orangutans or other wildlife as pet.
4. Do not take pictures with Orangutans and do not go to Orangutans circus.
5. Support Center for Orangutan Protection in Indonesia.

Arigato..
